10AM

SLEDDING

You know how the phrase goes—the early bird gets the best snow—or something like that. Layer up, haul your supreme sled up the slope and experience a chill thrill on the Hamptons' hottest hills. While students hope to step away from the classroom for the day, Pierson High School is said to have the steepest and snowiest slopes. A lap down the hills at the SYS Rec Center on Majors Path in North Sea guarantees maximum air and speed. Remember, you are never too old to go sledding.

ICE SKATING AT BUCKSKILL TENNIS AND WINTER CLUB

Glide like never before at Buckskill Tennis and Winter Club, the only NHL regulation-sized ice rink in the Hamptons. As a tennis destination over the summer and an ice skater's oasis during winter, this spot is truly a winter wonderland. For those of us sore from tight skates, its cozy clubhouse, fire pit and hot chocolate are truly difficult to resist on a cold winter's day. 178 Buckskill Road, East Hampton, buckskillwinterclub.com
